

When entering Israel, the Muslim members of our group were all detained for further questions. On exit, two of the Muslim members of our group were again held for further questioning. Would you have any comments on this?

It has always been my impression that Israel champions the civil rights of its citizens as part of a strong and democratic society. I am concerned that the same rights, dignity and respect are not extended to those in the occupied territories. I would be happy to meet with you if you would like to discuss these concerns in person.

I am sending a copy of this letter to the UK Secretary of State for the Foreign and Commonwealth Office.

yours faithfully
