Ms. Chi Onwurah

MP for Newcastle Central

Dear Ms. Onwurah,

In my capacity as the Mayor of Hebron, and further to our meeting held on September 18 at Hebron Municipality, allow me first to appreciate your precious visit to Palestine in general and to Hebron in particular.

It was a pleasure for us to receive your delegation and to discuss with you several issues regarding the general situation in Palestine. On the other hand, it was also great to hear your vision and views regarding the occupation and about the future of the Palestinian people.

The general situation in Palestine is a critical one. Palestinians are in great need of the international community support; solidarity with the Palestinian people is a major kind of support needed. Therefore, your solidarity is much appreciated.

We hope we will be able to cooperate together and keep this channel and network.

Please don't hesitate to visit us during your next visit to our country.

Sincerely,

Prof. Dr. Daoud Zatari

Mayor of Hebron
